

**Bob Etris joined Evans Incorporated in 2003 and has played a leading role in the success and growth of the company. As of March 2019, as co-owner of Evans, he now adds the role of Managing Partner to his list of titles.**

**As the Director of one of our largest accounts with the FAA, Bob is charged with management and oversight of project and program operations, client engagement and financial and operational account portfolio oversight. Outside his role with the FAA, Bob contributes to Evans' strategic planning, marketing and business development functions.**

**Bob holds a BS in Systems and Information Engineering from the University of Virginia. Bob has always been interested in human interaction in work environment which is why, during his studies, he elected to focus more on business systems than technology systems. He has over 15 years of experience in program management, business process improvement, organization development, and change management.**
