Joshua Brady provides his foreign and domestic clients with a wide range of intellectual property services, ranging from protection of assets to licensing and enforcement of IP rights. He has broad experience in patent litigation and prosecution, licensing, trademark protection and enforcement, due diligence, and trade secret and unfair competition litigation, and he represents clients in all phases of intellectual property disputes and M&A scenarios.

Josh assists businesses with identifying and enhancing the value of intellectual property assets, as well as portfolio management, due diligence, and opinions – minimizing business risks while maintaining competitive advantages. He also helps government contractors protect and enforce intellectual property rights in connection with performance under federal contracts, and assists weapon system manufacturers develop IP portfolios in line with product development, business growth, and business exit strategies. His practice involves technology from a broad range of industries, including chemical and biochemical, firearms and weapons systems, defense technologies, software solutions, automotive and aeronautical, and medical and life sciences, and it runs the gamut from start-up concepts to publicly traded companies.
